NAEYC Accreditation of Early Learning Programs has developed a new process and method for achieving and maintaining accreditation. While the heart, integrity, and rigor of the accreditation system has remained the same, the four-step process has undergone a major change in response to the challenges and burdens programs face in achieving accreditation.

As an active participant in the **NAEYC Accreditation of Early Learning Programs Institute**, you will be able to connect with a professional community of leaders committed to best practices and continuous improvement.

This full-day **Pre-Conference Special Event** will provide participants the opportunity to learn and share together, while gathering the tools needed to lead your program through a meaningful accreditation journey.

During the day, NAEYC staff will:

- Provide an in-depth look at the new assessment items.
- Describe important changes to Standard 6.
- Provide strategies on how to streamline your program and classroom portfolios to be able to focus on what matters most.
- Lead participants through a demonstration on how assessors approach rating elements of the group environment.

After the Accreditation Institute, participants will receive:

- Membership in a private, online community facilitated by the NAEYC Accreditation trainer where you can share, ask questions, and provide support to each other.
- Two follow up webinars (content based on questions asked/received in the online community).

The rates for this Pre-Conference Special Event are listed below:

### **Regular rates (on or before 8/20/18):**

- \$100 for FLAEYC members
- \$135 for non-members
